

Health & Safety Policy Statement

Archerdale Ltd are a major supplier of threaded fasteners into many specialist industries including rail, automotive, defence, power utilities and construction and as such we are committed to achieving high performance standards throughout our organisation.

The management of Health and Safety forms an integral part of our business therefore we are committed to establishing, implementing and maintaining an occupational health and safety management system. We will endeavour to ensure the health, safety and wellbeing of all our employees, contractors and visitors who may be affected as a result of our work activities by:

- Implementing suitable and sufficient workplace risk assessments with periodic reviews with particular attention to pressing and machining activities.
- Maintaining plant and equipment using systems of work which are free from risks to health.
- Suitable arrangements for the safe use, handling, storage and disposal of substances hazardous to health as used in our process areas.
- Providing information, instruction, training and supervision to enable employees to understand the hazards and risks associated with their work activities and the precautions and measures to take in the event of an emergency.
- Providing a safe and healthy working environment along with suitable welfare provisions, safe means of access and egress.
- Providing appropriate safety devices, controls, protective guarding and personal protective equipment and the encouragement, instruction and training of employees in their safe use.
- Health surveillance for all employees where it is deemed necessary.
- Ensuring adequate fire and first aid facilities are supported by competent and trained staff.
- The formal reporting and investigations of accidents, dangerous occurrences, workplace ill-health and the implementation of effective measures to prevent their re-occurrence.
- Adequate means for employee consultation, full co-operation and co-ordination on all aspects of health and safety.
- Formal procedures to cover imminent danger, disaster and emergency workplace evacuation.

It is only with the full commitment, dedication and co-operation of all employees that our mutual objectives can be achieved.

Managing Director (G A Brown)
